Ivan R. Ochoa Lynch

812.803.0066 | ivan.r.ochoa.lynch.28@dartmouth.edu | Hanover, NH

Education

Dartmouth College | Hanover, NH *August 2024 – Expected June 2028*

Candidate for B.A. in Economics and Spanish

GPA: 3.78/4

Honors: Mellon Mays Undergraduate Fellowship Nominee; Citations for Academic Excellence in Microeconomics, Advanced Spanish Writing & Cultural Analysis, Theatre, and Latin American and Caribbean Studies

Relevant Coursework: Microeconomics; Labor and Development Economics; Game Theory; Calculus; Statistics; Advanced Spanish Language and Literature.

Activities: Varsity Men's Track and Field, Student Athlete Advisory Committee, DRIVE Leadership Program, Gamma Delta Chi

Professional Experience

Global Health and Economic Development Intern *September 2026 – Present*

Socios En Salud (Partners in Health) – Lima, Peru

- Support data collection, outcome monitoring, and evaluation of a tuberculosis, substance use, and mental health intervention program serving 330+ patients and families in Carabayllo, Peru.
- Organize program data and field observations to assess implementation challenges, support donor reporting, and inform evidence-based program decisions.
- Conduct field interviews and program coordination in Spanish with health professionals, community leaders, and program beneficiaries across urban informal settlements.

Gamma Delta Chi House Manager *June 2026 – August 2026*

GDX Fraternity – Hanover, NH

- Managed operations and a $12k+ budget for a 40+ member facility, coordinating maintenance projects, building systems compliance, and stakeholder communication with contractors and university officials.

Economics Teaching Assistant *January 2026 – April 2026*

Dartmouth College – Hanover, NH

- Selected as 1 of 6 teaching assistants from 100+ applicants for Dartmouth's introductory economics course.
- Led biweekly office hours for 30 students, explaining microeconomic theory, price mechanisms, and quantitative problem-solving through mathematical and graphical analysis.

Head Throws Coach - Track and Field *June 2025 – August 2025*

Indiana Track Club – Bloomington, IN

- Mentored middle and high school athletes, 10 of whom subsequently advanced to NCAA Division I/II programs.
- Designed individualized training programs for 22 athletes, monitored performance, and adapted instruction based on progress assessments.
- Led daily practices while adapting coaching strategies to athletes with diverse learning styles, backgrounds, and experience levels.

Quantitative Research and Leadership

Game Theory Research Project *Spring 2026*

Dartmouth College Econ 35 – Hanover, NH

- Developed a Bayesian game-theoretic model of academic misconduct, examining how asymmetric information, enforcement probabilities, and incentives influence strategic decisions and equilibrium outcomes.

Division I Athlete *September 2024 – Present*

Dartmouth College Varsity Track and Field – Hanover, NH

- Train 20+ hours per week as an NCAA Division I discus, weight, and hammer thrower, balancing a full academic schedule, athletics, and personal commitments.
- Support teammates through mentorship, technical instruction, and collaborative problem-solving in a high-performance team environment.

Dartmouth Student-Athlete Leadership Development Program

DRIVE Leadership Program – Hanover, NH *June 2026 – August 2026*

- Developed values-driven leadership skills through workshops, team-building exercises, and discussions focused on communication, character, and effective team culture.
- Applied principles of self-awareness, collaborative problem-solving, and servant leadership to team dynamics and student-athlete leadership.
